VSI delivers everything their name says and takes the worry and risk out of the development for us, the owner, and the management company. I commend your company for a job well done and highly recommend VSI for future Culver's Restaurants.

James R. Volp, Vice President  
Volp Development

We want to thank you for the effort shown by you and your crew in completing our building. The VSI team was very professional throughout the process. This was particularly evident in the way you handled the few surprises that developed. We had many compliments from our equipment vendors regarding the quality of your work. We would not hesitate to use VSI in the future. In addition, we will recommend VSI to other Culver's franchisees.
