Project Information

VSI has completed multiple Arby's locations for our client. We are currently on their Preferred Vendor List under their contractor division. Projects have ranged from upscale ground-ups to inline mall food courts. The ground-up buildings range from 3,500-4,000 square feet depending upon their location. The structures are constructed of a wood frame with a brick or rock-faced block veneer on the outside. The inside has a very elegant feel with the use of wall coverings, wood, marlite, special lighting, and live plants.

Contributions From

- RTM Mid America - Bill Moorman, VP of Construction
- RTM Mid America - Mary Beatty, Real Estate & Construction Coordinator
- RSP Architects - Kent Doble, Architect
- Bogart Pederson & Associates - Greg S. Bowles, Engineer
