Camille's Sidewalk Cafe - Blaine, MN

We have utilized the design and construction services of VSI Construction, Inc. on two projects. They built our Camille's Sidewalk Cafe in Blaine, Minnesota in May and June of 2004. We believe the workmanship of the craftsmen to be superior. Our schedule was followed without complication. The finished product exceeds our expectations. The restaurant is a new franchise concept, which led to many interpretive decisions as to the design, all of which were successful.

VSI also remodeled our new Taco John's space in Northtown Mall in Blaine, Minnesota in August and September of 2004. Again, this design project was well executed. We continue to receive compliments from others in our industry on this finished project. Our schedule was met, and again, the subcontractors were on time and professional.
