Taco John's - Elk River, MN

As the President of a home building company I know how hard it is to coordinate customer expectations and the reality of on site construction. It becomes even harder when the project is a new proto-type as was the Taco John's in Elk River. VSI did a great job of bringing together a good group of subcontractors whose workmanship and patience was instrumental in making this project a success.

Also the seamless transition from Jerry Foyen (building shell) to Martin McCormick (build out) made it easier to coordinate Taco John's specific requirements with subcontractors and vendors on the project.

Tom Holthaus - President
JAT Restaurants, LLC
