## Project Information

---

### Project Information

This project is a 20,545 sq ft wood constructed building, with 20 private assisted living suites and 10 memory care suites. This project had a unique outlook as we were able to meet and exceed the client expectations. Due to our coming in with a lower bid, the owner was able to do up-grades and still remain in budget. Ultimately, we were able to provide the client with the best quality and savings in the business.
