## Project Information

---

The KNW Group is a single-source provider of diversified financial and insurance services for businesses and individuals. They provide experienced advisors and professionals in fields including employee benefits, executive benefits, benefit administration, wealth accumulation and preservation, life insurance applications, investment services and retirement planning services. VSI assisted them in moving their corporate operations from one location in Minnetonka, MN to their new current location. The VSI team worked with them on all phases of planning, furniture selection, design, installation services and move coordination. At the end of the project there were some items that needed off-site storage, so VSI is storing those for them as well. Together, the project was completed on-time, on-budget and was successful for everyone.
