RELS Valuation

I wanted to say thank you for your service on our remodeling project. I was pleasantly surprised how fast your group was able to install the cubes and finish out the space. During the demolition and installation of the new cubicles we had no interruption to our daily operations; for that I am grateful. Paul's constant communication and updates to Tiffany helped keep the process moving. He was professional and patient in dealing with the Building Management and the City of Bloomington to meet their expectations. During installation, Rick spent a lot of time making sure our needs were met and that the cubicles and accessories were installed to our satisfaction that was a nice personal touch.

We are happy with the new space and all of our staff loves their new work space.

Deb Nikodym, Senior Vice President RELS Valuation
