Rexton, Inc.

Beginning with VSI's support in Rexton's relocation of our entire office and manufacturing to our new facility in Plymouth during the summer of 2000, and with subsequent de-mountable wall installations and new office furniture installations and reconfiguration projects supporting Marketing, Customer Service, Sales and Accounting departments, VSI Construction, Inc., and VSI Facility Solutions have provided a valuable service to Rexton again and again. We appreciate the professional services and project management provided by VSI personnel, and want to thank you for those efforts in our behalf.

As new projects arise, our first call will be to VSI.

-Robert Eastman, President Rexton, Inc.
