IKON Office Solutions

Throughout this entire project, VSI consistently demonstrated a willingness to work with us and was flexible and responsive to meet our changing and sometimes demanding needs. VSI's level of involvement and attention to detail allowed me to reduce the attention and effort I had to direct to this project without any concern of jeopardizing client satisfaction or due dates. I am planning on using VSI again in the near future, and I would not hesitate to recommend VSI Facility Solutions or VSI Construction to any organization looking for skilled and dedicated service provider for any aspect of construction or modular furniture work.
